

## National Credit Union Administration

## § 723.16

(7) The qualifications of personnel responsible for underwriting and administering member business loans.

### **§ 723.12 What will NCUA do with my waiver request?**

Your Regional Director (or the Director of the Office of Corporate Credit Unions) will:

(a) Review the information you provided in your request;

(b) Evaluate the level of risk to your credit union;

(c) Consider your credit union's historical CAMEL composite and component ratings when evaluating your request; and

(d) Notify you whenever your waiver request is deemed complete. Notify you of the action taken within 45 calendar days of receiving a complete request from the federal credit union or the state supervisory authority. If you do not receive notification within 45 calendar days of the date the complete request was received by the regional office, the credit union may assume approval of the waiver request.

### **§ 723.13 What options are available if the NCUA Regional Director denies my waiver request, or a portion of it?**

You may appeal the Regional Director's (or the Director of the Office of Corporate Credit Unions) decision in writing to the NCUA Board. Your appeal must include all information requested in § 723.11 and why you disagree with your Regional Director's (or the Office of Corporate Credit Union Director's) decision.

### **§§ 723.14–723.15 [Reserved]**

### **§ 723.16 What is the aggregate member business loan limit for a credit union?**

(a) *General.* The aggregate limit on a credit union's net member business loan balances is the lesser of 1.75 times the credit union's net worth or 12.25% of the credit union's total assets. Loans that are exempt from the definition of member business loans are not counted for the purpose of the aggregate loan limit.

(b) *Effect of nonmember loans and nonmember participations.* If a credit union holds any nonmember loans or non-

member loan participation interests that would constitute a member business loan if made to a member, those loans will affect the credit union's aggregate limit on net member business loan balances as follows:

(1) The total of the credit union's net member business loan balances and the nonmember loan balances must not exceed the lesser of 1.75 times the credit union's net worth or 12.25% of the credit union's total assets, unless the credit union has first received approval from the NCUA regional director.

(2) To request approval from the NCUA regional director, a credit union must submit an application that:

(i) Includes a current copy of the credit union's member business loan policies;

(ii) Confirms that the credit union is in compliance with all other aspects of this rule;

(iii) States the credit union's proposed limit on the total amount of nonmember loans and participation interests that the credit union may acquire if the application is granted; and

(iv) Attests that the acquisition of nonmember loans and participations is not being used, in conjunction with one or more other credit unions, to have the effect of trading member business loans that would otherwise exceed the aggregate limit.

(3) A federal credit union must submit its request for approval to the regional director (a corporate federal credit union submits its request to the Director of the Office of Corporate Credit Unions). A state chartered federally insured credit union must submit the request to its state supervisory authority. If the state supervisory authority approves the request, the state regulator will forward the application and its decision to the regional director (or if appropriate, the Director of the Office of Corporate Credit Unions). An approved application is not effective until it is approved by the regional director (or in the case of a corporate federal credit union the Director of the Office of Corporate Credit Unions). The regional director will issue a decision within 30 days of receipt of a federal credit union's completed application or within 30 days of receipt of a completed application and the state supervisory
